ARIC MANUSCRIPT PROPOSAL FORM

Manuscript #026

1. Title (length 26):
Mortality Diffs Part vs Npart Jackson Center

2. Writing Group (list individual with lead first):
(lead) Watson           Spencer
Conwill             Hutchinson

3. Timeline:
6 months to 1 year after recruitment ends

4. Rationale:
That there is a selective bias and participants are healthier and have less mortality than nonparticipants

5. Main Hypothesis:
Null = no dif

6. Data (variables, time window, source, inclusions/exclusions):
Death certificate info on all age/race/sex elig - compare participants with all other selected - within 1 yr or 18 mos. or 2 yr of selection.
